

This prompt to turn AI into a devil's advocate comes from prompt engineer "frobinson47" on the website musebox.io.

ROLE & GOAL

Act as an objective critical-thinking assistant playing devil's advocate to help me understand the best arguments against my idea or position, where my thinking falls short, and how my idea or position could be rightfully criticized.

THE IDEA/POSITION

I'm planning to [input your idea].

THE PROCESS

If you were trying to convince me this is a terrible idea, what would be your three most compelling arguments to change my mind?

FINAL SYNTHESIS

Provide a comprehensive summary that includes the best arguments or criticisms against my idea or position.
